

3/8" Intermittent Duty Clamp Style Solids Handling Pump

Part No.	Fluid Chambers	Diaphragms	Valve/Ball	Valve Seats	O-Rings	Connection Type
CB-038	Conductive Nylon	Geolast®	Nitrile Max-Pass®	N/A	Nitrile	NPT (BSP)
CV-038	Conductive Nylon	PTFE	Viton®	Stainless Steel	Viton®	NPT (BSP)
KE-038	PVDFPolyvinylidene Fluoride suitable in applications requiring the highest purity, strength, and resistance to solvents, acids, bases.	Santoprene®	EPDM Max-Pass®	N/A	EPDMGeneral purpose elastomer with good resistance to many acids and basis.	NPT (BSP)
PE-038	PolypropyleneA non-metallic material, suitable for water, caustics, soap solutions, mild acids and general purpose applications.	Santoprene®	EPDM Max-Pass®	N/ANot applicable.	EPDMGeneral purpose elastomer with good resistance to many acids and basis.	NPT (BSP)
PV-038	PolypropyleneA non-metallic material, suitable for water, caustics, soap solutions, mild acids and general purpose applications.	PTFEThermoplastic material that is inert to most chemicals.	Viton® Max-Pass®Max-Pass® valve made from Viton® rubber.	N/A	Viton®	NPT (BSP)
